WILL ASK EARLY HEARING OF NEW LINE'S PROPOSAL

Attorney for Steamship Enterprise to Meet Council Committee Tonight.

Great public interest is being taken in the proposition, made to the Board of Aldermen Tuesday night, for the resumption of steamship service between Richmond and New York.

E. R. Farinholt, attorney for C. W. Harrison, Lester Sisler and associates, who are behind the New York, Baitimore and Richmond Steamship Company, stated yesterday that he would appear before the City Council's River, Harbor and Dock Committee at its meeting at Sociock tonight and ask that the committee set some time early next week for the hearing of the petition which requests that the city lease to the company, for a period of fifteen years at a nominal rental, 350 feet of the city wharf, in order that the company may have the requisite land for its dockage, terminal, sheds and the like.

Mr. Farinholt says that at the hearing Messrs, Harrison and Sisler will be present, and will explain the matters in detail. They are at present in the North consumating arrangements for the line, but expect to apply for incorporation papers in the next day or two, and certainly by next week.

The steamship that will be operated at first will be a boat of 900 tons. It will run between Richmond and New York. Mr. Farinholt said yesterday that the proposition of running boats to Baltimore would be taken up later. One of the matters planned for the future is the establishment of a five-hour boat service between Richmond and Norfolk.

Mr. Farinholt said that the estab-

Mr. Farinholt said that the establishment and operation of the new line would certainly mean cheaper rates on freight between Richmond and New York, and that he thought it quite possible that the project would ultimately mean the running of boats from Richmond to Southern ports. He said that it was possible that the first hoat would start in the New York-Richmond trade by October 15.

Practically the settlement of the hod carriers' strike, which has been in progress for five weeks, was made last night, when two of the contractors opposing the union gave in, according to union officials. Carter & Jordan and Calotabs, the New Nauscaless Calomel Tablets, Cut Short Colds and May Prevent Flu By Keeping Liver Active.

Physicians have learned from experience, during the epidemic of influenza, that one of the most important factors in the prevention of flu and pneumonia is to keep the liver active so that the digestive organs may be in perfect working order and the system thereby enabled to throw off colds, check sore throats, and resist serious complications. For this purpose they have found that the new, nauscaless calomel tablets called Calotabs, are far more effective even than the old style calomel, which was formerly the universal favorite, as Calotabs do not weaken the patient, nor interfere with the appetite and digestion.

At the first sign of a cold or sore throat, doctors recommend one Calotab at bedtime with a swallow of water,—that's all. No salts, no nausea, nor the slightest interference with your dlet, nicasure or work.
